CITY OF WHITEFISH, MT

Construction Update:

Edgewood Place Reconstruction Project

White's Civil Contracting will be resuming final construction activities on Edgewood Place, between Wisconsin Avenue and Texas Avenue, on Monday, May 2nd, 2022. The work is expected to be completed by the end of June 2022. Edgewood Place will be closed to through traffic from Colorado Avenue to Texas Avenue during this time. A northern Denver Avenue detour will be signed. Residents that live within the closure area will be allowed to drive through the construction area to access their properties.

Texas Avenue Reconstruction Project

The City of Whitefish has awarded the Texas Avenue Reconstruction Project to LHC, Inc. The project will start in early July 2022 and is expected to be done by the end of October 2022. The proposed work involves the reconstruction of approximately 2,400 linear feet of Texas Avenue from Edgewood Place to Denver Street and approximately 800 linear feet of Edgewood Place from Texas Avenue to the eastern city limits.

During this construction, Texas Avenue, from Edgewood Place to Denver Street will be closed to through traffic. Residents that live within the closure area will be allowed to drive through the construction area to access their properties. Edgewood Place will remain open to through traffic, but flagger delays should be expected east of Texas Avenue during working hours.

Future public meetings are not planned at this time. Future newsletters will be issued as needed to inform residents of schedule and traffic control changes. Please direct all questions and comments to Brandon Theis, PE, at 406-752-5025 or btheis@rpa-kal.com.
